

# ADVANCED ROBOTICS CLUB (ARC)

ARC.ACEN.EDU.NP

## About:

Techfest Olympiad provides a platform for students to enhance and showcase their scientific aptitude and problem-solving skills through real-life and analytical challenges. Participants must solve the maximum number of questions within a limited time to compete among the nation's brightest young minds.

Only students studying in Grades 8, 9, and 10 are eligible to participate.

## Rules and Regulations:

### 1. Registration:

All participants must register online through the official Techfest website to enter the competition.

### 2. Team ID:

Upon successful registration, a Team ID will be issued, which must be used for all future communication and references.

### 3. Additional Registration:

Each participant or team must also complete the online form released by the Advanced Robotic Club for internal coordination.

### 4. Eligibility:

Only students from Standard 8th, 9th, and 10th can participate. College or higher secondary students are not eligible.

### 5. Participation Limitation:

Participants will not be allowed to compete physically at Techfest, IIT Bombay, due to age restrictions. However, all registered participants will receive a certificate of participation from IIT Bombay.

### 6. Judging and Results:

The decision of the judges and organizers will be final and binding on all participants.

### 7. Prizes:

Cash prizes and certificates will be awarded to the winners of the competition.

### 8. Liability Disclaimer:

Techfest, IIT Bombay will not be responsible for any late, lost, or misdirected entries.

### 9. Official Information:

The official Techfest website will always contain the most updated details about the event. Registered participants will also receive email notifications for any changes.

### 10. Communication:

All official correspondence will occur through the Techfest email system. Participants are advised to regularly check all email folders, including spam/junk.
